Camp Invention®

Supercharge your summer at Camp Invention®!

Camp Invention® is the only nationally recognized, nonprofit summer enrichment program for kindergarteners through 6th graders that is inspired by the brightest thinkers around—the Inductees of the National Inventors Hall of Fame®. At Camp Invention, children are empowered to have big ideas while they take on STEM-based challenges that inspire them to question, brainstorm, collaborate with teammates and build invention prototypes.

Unmask your child's creativity this summer in the all-new Camp Invention® program, Supercharged™, where children build confidence, learn to collaborate and transform their wild imaginations into epic creations. Campers in grades K-6 will learn creative problem-solving skills as they team up to rebuild ships and design underwater equipment in Deep Sea Mystery™. In DIY Orbot™, participants explore circuit boards, motors and gears as they design a remote control bot to take on obstacles from sports to dance. Children collaborate with inventor superheroes and take on roles of engineers, fabricators and innovators to conquer villains in Innovation Force®. Campers become successful entrepreneurs in Farm Tech™, as they code bots to turn a polluted wasteland into a money-making machine and create devices to save animals. Local educators will lead this action-packed program featuring exhilarating, hands-on STEM activities teaching children to question, explore, break through obstacles and embrace failure!

Early Registration

Camp Invention locations are nation-wide, including many throughout Connecticut. Visit www.invent.org/camp or call 800-968-4332 to register. Use promo code INNOVATE25L to save \$25 (expires 3/22) or PLAY15LISTING to save \$15 (expires 5/10). Every registration includes a complimentary Camp Invention t-shirt. Availability is limited, so register today!
