Stepping Stones is the perfect choice for a field trip, and a field trip to Stepping Stones is always a hit! Experience an award-winning children's museum that provides hands-on exhibits. Children can explore feelings and relationships with others in *Express Yourself*, get wet while investigating hydro, wind and solar power in *Energy Lab*®, create stable structures in *Build It!* and more. Whether preschoolers are exploring the wonders of butterflies or fifth graders are examining matter and forces, Stepping Stones is an engaging destination.

Bring your camp group for a Field Trip Museum Tour. Guides will take you and your campers on an exhibit tour, engage in discussions and help your group uncover the many content layers of learning and opportunities. In addition to the 90-minute tour, your campers will keep moving, grooving and mesmerized with 30-minute workshops including Zumba Kids, Pound: Rockout Workout or Yoga. Add a 60-minute Experience when you include Stop-motion Animation or Ceramics to your visit.

No time, no bus? No worries. Educations will bring multidisciplinary workshops to you. The programs are designed for various age groups, from PreK-grade 5. Call 203-899-0606, ext. 211 for specific groups and more information.
