There is something for everyone at **The Only Game In Town!** Now, the largest arcade in Connecticut! The entire family can have fun racing go-karts on the 1,000-foot-long track. Afterwards, head over to the Food Court for refreshments. While you're there, enter a world of surreal, indoor, 18-holes of black light mini-golf, where your senses will be stimulated! Of course, you can also enjoy the outdoors with our traditional 9-hole and 18-hole mini-golf courses. Then take a few swings at our golf range and drive some balls.

This is the premier facility to host birthday parties for all ages and corporate events. You bring the crowd and they'll provide the fun. Any size group can be accommodated and the friendly, helpful staff will make your event one to remember. If you are thinking of doing something a little different, then try a customized party package.

All birthday packages come with: cups, plates, napkins and utensils; a party host to help with your party; and reserved table(s) for your group for two hours. And, best of all, they do the set-up and clean-up.
